17/05/2023	<p>Reason - 6 mth MHP check - vac last given in Nov 2022. Or bar, eduf aok. O noticed scab area on lateral aspect R FL. no other concerns at home. no v/d/c/s. Not on any trt atm. Flea/worming - upto date.</p> <p>Assessment. Bar on exam. Weight - 34.6kg. BCS - 3/5.</p> <p>Examination. Full CE ltd as Beauty very anxious. R FL lateral aspect just distal to elbow jt - circular approx 3 cm area and feels like scab.</p> <p>Plan. Adv option for trt ie hibiscrub, isaderm ini and O prefer to obs ini as feels like scab and see if falls off - if not falling off or worse to rv in next few wks.</p> <p>1.00 * mhp interim health check</p> <p>Weight Recorded: 34.60 kgs</p>
